

# OSAGE REMOUNTS

## WHY REMOUNT?

Osage takes great pride in manufacturing a high quality and long lasting product initially and we take that same great pride in remounting your module onto a new chassis. We work with you to ensure all expectations are met when remounting while still maintaining price competitiveness.

## BEFORE

## AFTER

- ❖ Most Osage modules outlast the life of their original chassis
- ❖ Remounting can save 30-50% of the cost of a new unit
- ❖ Remounting consumes fewer resources and produces less waste
- ❖ Osage modular boxes retain the original LIFETIME structural warranty when remounted by Osage Ambulances
- ❖ Every Osage remounted vehicle renewed warranties
- ❖ We can deliver substantial savings without sacrificing safety, serviceability, comfort, or aesthetics
- ❖ Many Osage Ambulances have been remounted as many as 5 times!
- ❖ We can reconfigure your current layout to meet today's needs and specifications
- ❖ We maintain a stock of used Osage Modules for customers to remount
